

Could Blockchain help optimise logistics?

By Rob Smithers AMIMechE
Engineer
Aerospace, Defence, Security and Technology
Atkins

<http://www.freeimages.co.uk>

Rob will explore the potential of the new technology blockchain and how it could be used to optimise logistical processes in the defence support network through cost and time savings. The origins of the technology initiated in cryptocurrency, and so this is used to aid the explanation of how the technology works.

6-30pm, Tuesday 26th March 2019

at Atkins, Royal Pavilion Aldershot, Hampshire, GU11 1PZ – Room 3G1

Schedule

6.00 pm Arrival, Refreshments

6.30 pm SaRS Solent Branch Presentation

8.00 pm (approx) Finish
